

Even though time is limited, quality of life needn't be. Home Hospice provides the highest quality of care and services for those journeying through the final phase of life. Our interdisciplinary team of medical professionals and volunteers walk the journey with you and your loved ones, keeping you as comfortable as possible. We are dedicated to the mission of providing care to those who are terminally ill and their families and communities.

Established in 1982 by volunteers in the communities we still serve, Home Hospice is the only nonprofit hospice organization in the area. While benefits are available through Medicare, Medicaid and private insurance, our programs are offered to those with and without reimbursement resources. Our extensive grief support program is available at no cost to anyone who has experienced a loss. The range of compassionate care, grief support services, and volunteer assistance is available regardless of ability to pay. Our mission is helping you find comfort through our care.

## A Rare Opportunity

Perhaps our greatest, most significant, opportunity to serve comes at the most difficult point in our lives.

We hope your family feels surrounded by the loving care shown to you at this challenging time. Caring is our mission – it's what we do – and we want you to be assured that we are here for you now and in the days to come.

Amazingly, our families often ask us what they can do in return. Our answer is simple. Allow others to join in honoring the memory of your loved one. Every gift is accepted with deep gratitude, knowing that what prompts loving memorials is an honest desire to do something significant amidst enormous loss.

By designating Home Hospice as the family preference, you help extend our capacity to care for others. You know how important that is, having experienced our services yourself. What better way to honor the memory of your loved one than passing

along one of life's greatest blessings – the chance to face last days surrounded by excellent care, respect, love, and dignity.

Because we are the only nonprofit hospice in the area, we depend on the support of our communities and the families who appreciate our presence. Your tax deductible contribution will be thoughtfully put to good use, assisting others on their final journey.
